10am – 5pm

FORMAT

In person at our East Tamaki academy

LIVE MODELS

6 x models

ASSESSMENT

2 x quizzes, 1 x theory test, 1 x practical assessment

HOMEWORK

None

CERTIFICATE

Industry-recognised

About this course

Brows are the most booked waxing service there is, and the one clients notice most. A great shape brings them back every few weeks, and a poor one sends them elsewhere.

This course teaches you to design a brow that suits each client's face, then wax it cleanly and precisely. You'll learn hair and follicle anatomy, the hair growth cycle and which waxes work best for brows.

You'll then move into brow mapping, using a pencil and mapping string to find the right start, arch and tail for each face shape. Consultation, contraindications, hygiene and pre- and post-care are covered throughout.

After a live demonstration, you'll practise mapping and waxing on live models with different brow shapes, hair growths and textures.

By the end you'll be able to map and wax brows to a professional standard. No prior experience required.

What's covered

◆ Types of Wax ◆ Anatomy of the Hair & Hair Follicle ◆ Hair Growth Cycle ◆ Hair Growth Types ◆ Consultation & Contraindications ◆ Health & Safety ◆ Hygiene & Sterilisation ◆ Waxing Rules ◆ Brow Mapping Techniques ◆ Brow Waxing Techniques ◆ Troubleshooting ◆ Pre & Post Care ◆ NZ Health Protection Licence Help
